PRESIDENT'S ADDRESS

We have all heard the expression "What goes around, comes around". A renewed interest in the Guernsey Breed and the current demand for Guernsey cattle and Guernsey products proves this statement to be true. This reality exists because people are rediscovering the Guernsey cow's best kept secret-the quality of her milk.

It was around 1962 when my parents Howard and Annie Eby bought their first four guernsey cows. This was the beginning of many purchases on the road to establishing an all-Guernsey herd and landing a Guernsey milk contract with Maple Lane Dairy in Kitchener, Ontario.

The marketing of Guernsey was a great success story and the demand for Guernsey cattle grew. It was not uncommon for Guernsey cattle sales to bring more money than sales of other breeds. Several farms in our area switched to fawn and white cows to get Guernsey milk contracts.

Later on, in the same decade there was the development of the Milk Marketing Board. Milk producers understand the stability this new way of marketing milk benefited dairy farmers but the downside for those who were selling for a breed specific market lost the advantage that they were enjoying as all milk had to now be pooled. For the growing number of consumers who were enjoying Guernsey milk, it was no longer available to them. Milk became generic.

Over the decades that followed there was a slow decline in Guernsey herds. I believe that there were a number of factors that contributed to the diminishing interest in the breed, but the reality was that Guernsey breeders had lost an advantage in the marketplace.

Those who never lost their passion for Guernseys and their many wonderful attributes, we are once again experiencing that excitement of the early 1960's. This is a

result of a global initiative to market Guernsey milk and Guernsey milk products. Several provincial boards have made this possible by allowing farmers the opportunity to brand and market their own milk and offer consumers dairy products that are unique, regardless of the breed.

What an amazing opportunity this has become for the Guernsey breed. Consumers once again discovering the superior taste and benefits of Guernsey milk.

In our own operation at Eby Manor we are experiencing a growing demand for our products. We often hear from our customers that once they have tried our products they cannot go back to standard grocery store milk. We regularly get requests from our customers for more products. The biggest challenge for us will be to keep ahead of the demand, as more and more consumers, restaurants, cafes, and ice cream manufacturers are sourcing milk from our small Guernsey population.

This past year we have received an increasing number of calls from people wanting to purchase Guernsey cattle. The demand for Guernseys is greater than the supply. It is difficult when you have to tell prospective buyers that you do not know when you might have cattle available for them. The solution to increasing our breed numbers will be the widespread use of sexed semen and producing Guernsey embryos which can be sold or implanted into non-Guernsey cattle.

My challenge to you is; what can you do to help to increase the population of the breed? The opportunity facing Guernsey breeders is the strongest that it has been in fifty years.

Jim Eby

FIELDMAN REFLECTIONS

Russell Gammon, Canadian Guernsey Fieldman

MOVING EVER ONWARD AND FORWARD!

As we hopefully progress toward life as we once knew it, in some new form, we have much to be excited about in Guernsey circles!

Here is a sampler for Spring 2021:

- We've fielded a number of calls from people looking for modest numbers of Guernseys-in some cases people wanting to return to owning Guernseys after a generation or two without them in their family lines, people adding Guernseys to existing dairy herds as an experiment, those who want a dependable, quiet cow for the family milk supply and on and on.
- There is a growing demand for Guernsey milk in Central and Western Ontario with three enthusiastic users-Upper Canada Cheese, Eby Manor Farm and a new face, Udder Way Artisan Cheese based near Hamilton, Ontario. All three of these companies have outstanding marketing programs for their products. As these marketing programs, and the products they represent, attract more customers we'll see even more demand pushing toward the upper limit of current production! Always a great challenge to have.
- We're in the midst of launching the first National Breeder's Cup using videos to present the animals. Initial participation has been lower than expected so we'll see if we can round up some more entries and get moving as June, Dairy Month, is born.
- We'll be keenly watching any options for the National Show in 2021 and digging out as much information as we can.
- The AGM was a good success given the

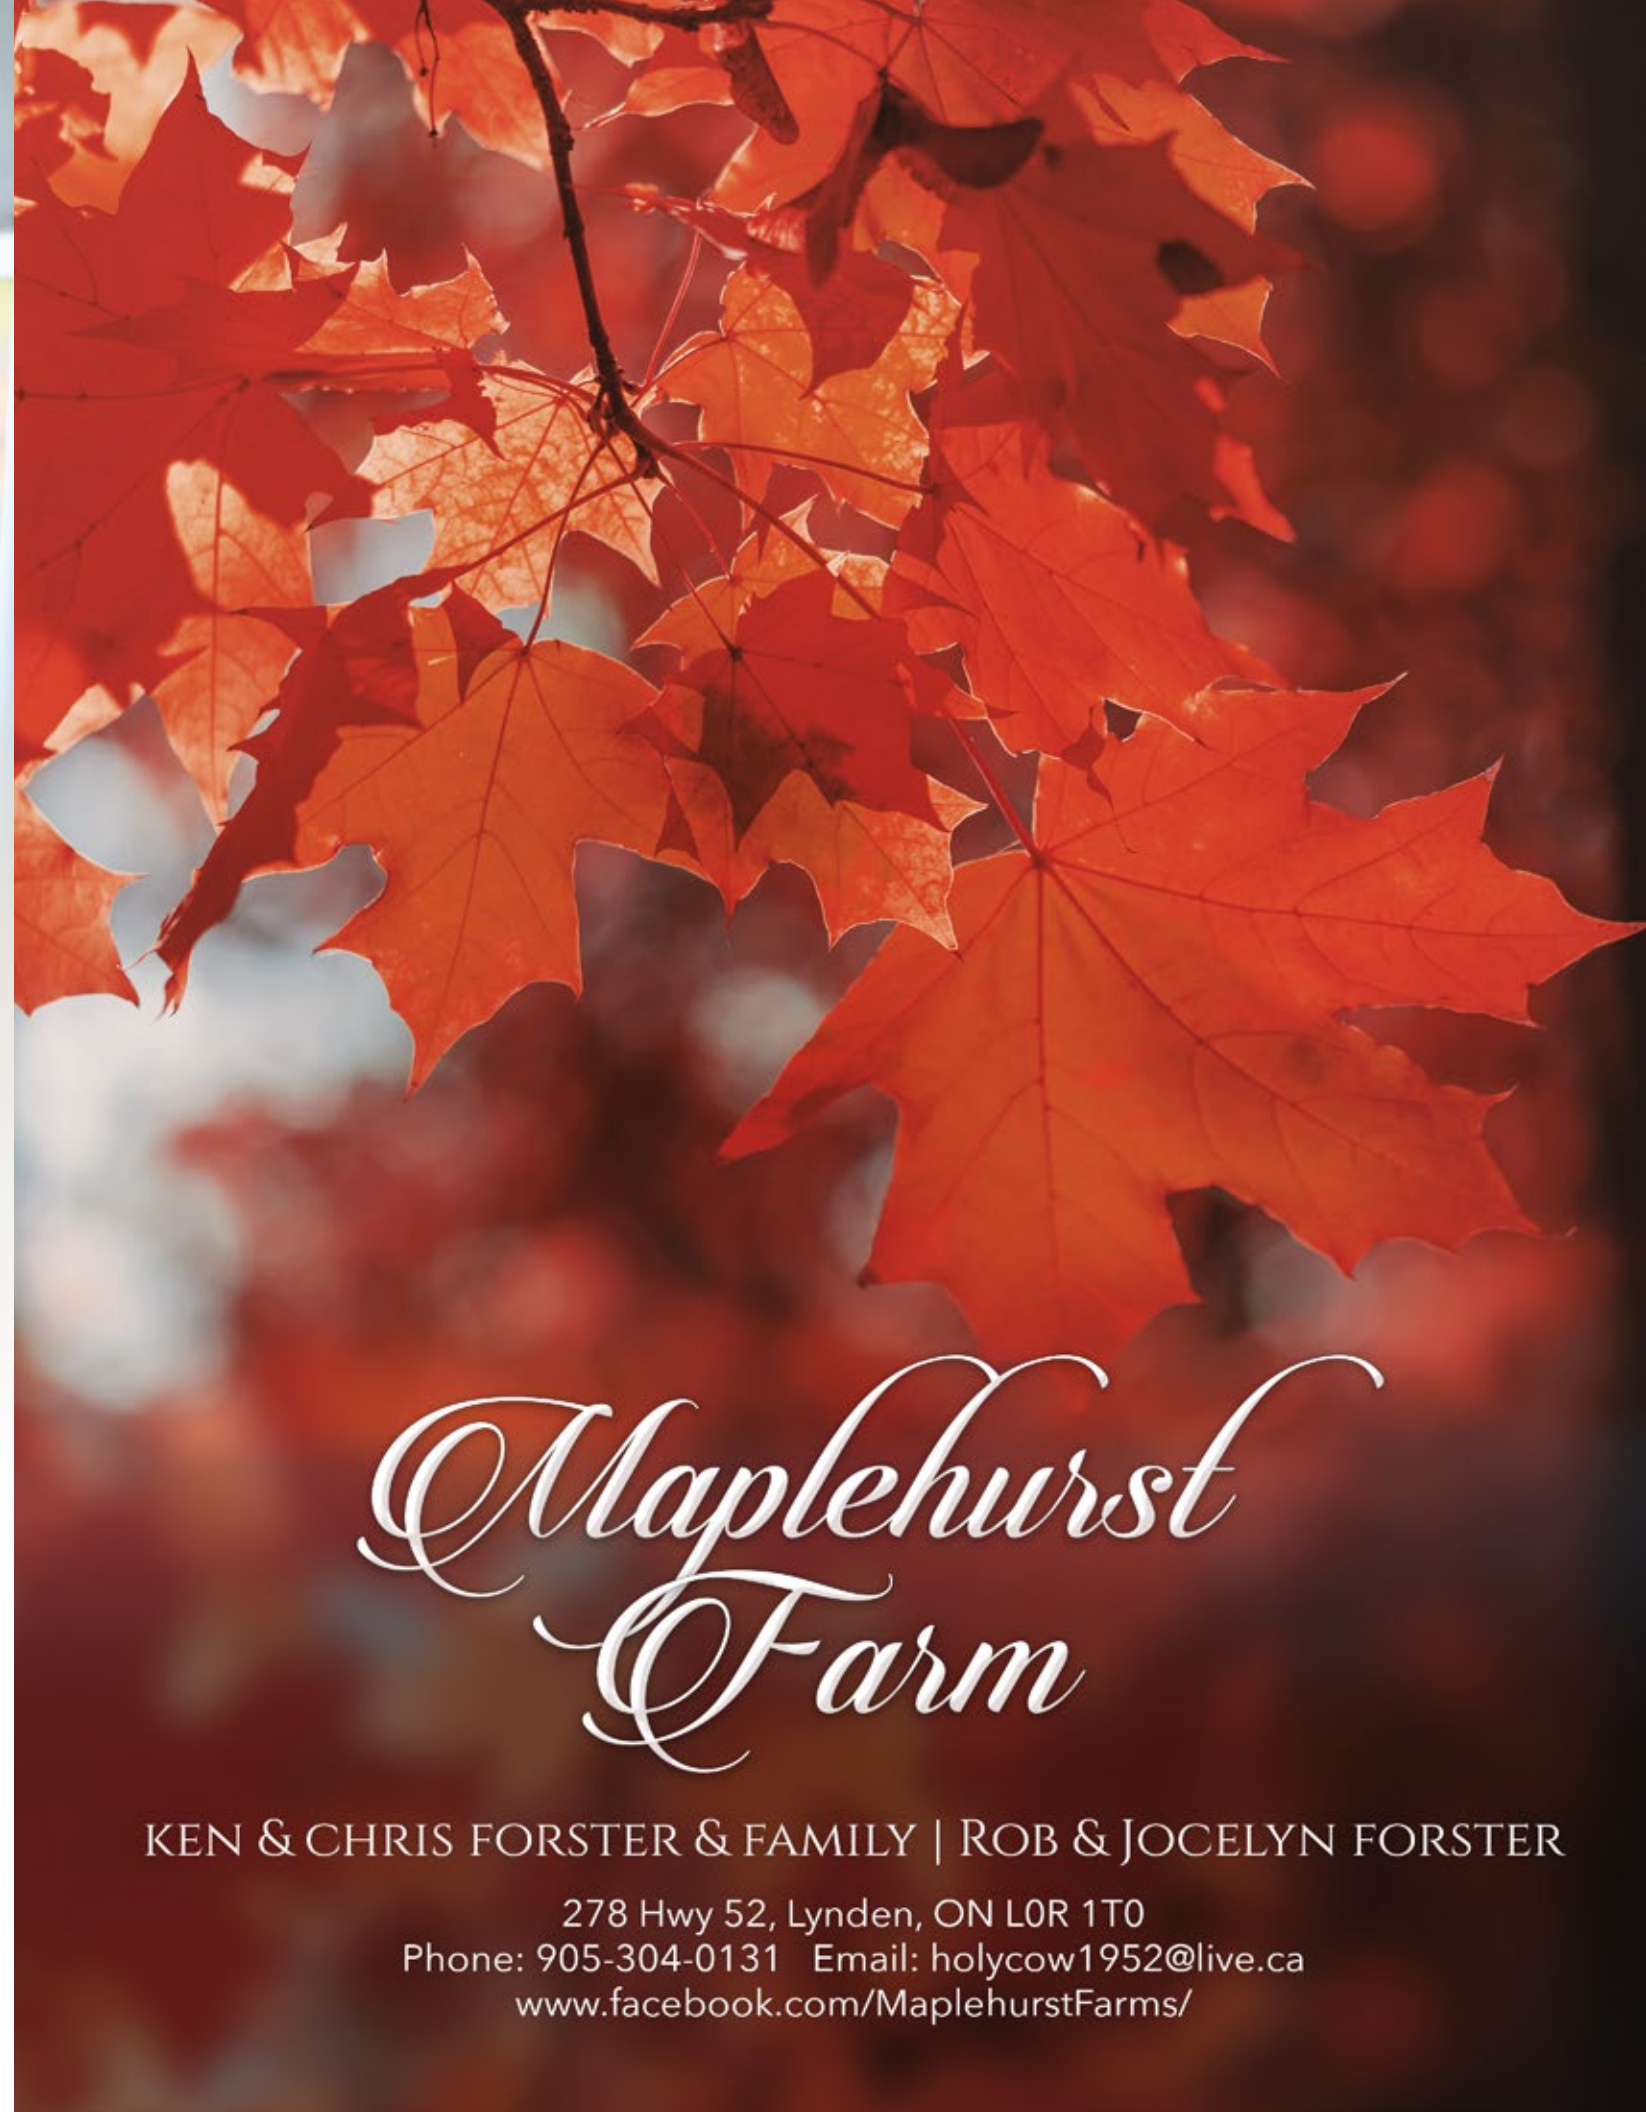

circumstances of the time. We like the enthusiasm and forward thinking expressed.

- We've recently had some requests regarding Guernsey embryos, likely for export and have directed those asking to relevant parties.
- We'll hopefully be back to much more social media in the near future! Life has been very full with my other projects.

Guernsey has been actively involved in the Canadian Animal Improvement Industry Visioning process and has made a worthwhile contribution thanks to Christian. Please keep in touch if we can help in any way! As always, thanks to Jessie for a constant flow of communication!

THE UDDER WAY ARTISAN CHEESE CO.

The Udder Way Artisan Cheese Co. is located in Stoney Creek Ontario, producing hand-crafted artisan cheeses for all to enjoy.

Q | How long has UWAC been in existence?

Udder Way Artisan Cheese Co was founded in October of 2015.

Q | How and why was the company started?

Tor Krueger was looking for a space to start up a cheese plant in when the former Gos and Gris cheese came available for lease.

Q | Where is the company located?

We are located at 410 Regional Road 20, Hannon, ON L0R 1P0

Q | Is cheese made on site or elsewhere?

All cheeses are made on site.

Q | What range of products do you offer at the store?

We currently offer about 16 varieties of our in house made products, as well as a few carefully selected cheeses from other Canadian cheese makers.

Q | Are your products available at the store?

All of our cheeses are available at our factory store in Stoney Creek, as well as our second location at The Paris Winncy Mills Co.

Q | How did the company find out about Guernsey milk and making Guernsey products?

Having been involved in the cheese industry since 2009, Tor became aware of the high quality and benefits of Guernsey milk.

Q | Following on, what piqued your interest in Guernsey milk?

Guernsey milk is by far the best milk to use for cheese making, especially if sourced from one producer.

Q | What products are you currently creating from Guernsey milk? Feel free to describe them!

We have an extensive lineup of Guernsey milk cheeses, starting with our Italian alpine style Montebello and Flat on your Baco (aged in Baco Noir), Golden Cheddar in plain as well as beer or wine infused, Krüger Blue, Cacciavallo, hand stretched Mozzarella, Guernsey ricotta, our Evi's Passion Brie and our extremely popular handcut Guernsey curds. We also recently launched our own Artisan Gelato line made exclusively with Guernsey milk.

Q | Are there other Guernsey milk products on the drawing board?

We are looking at a few additional cheeses to add to our roster, one of them potentially a Guernsey Gouda style cheese.

Q | What do your cheesemakers say about Guernsey milk? Any distinct characteristics that influence the process and the final product?

Wonderful to work with, the high protein and butter fat content make Guernsey milk every cheese makers dream.

Q | How did you learn about the Forster family at Maplehurst Guernsey Farm and their Guernsey herd?

We were introduced to them through the DFO.

Q | How do Guernsey products fit into future plans for Udder way?

Guernsey cheeses will be our number one focus for this company.

Q | Anything else you'd like to add?

We are very excited about what the future holds for Udder Way and our continuing relationship with Guernsey milk producers.

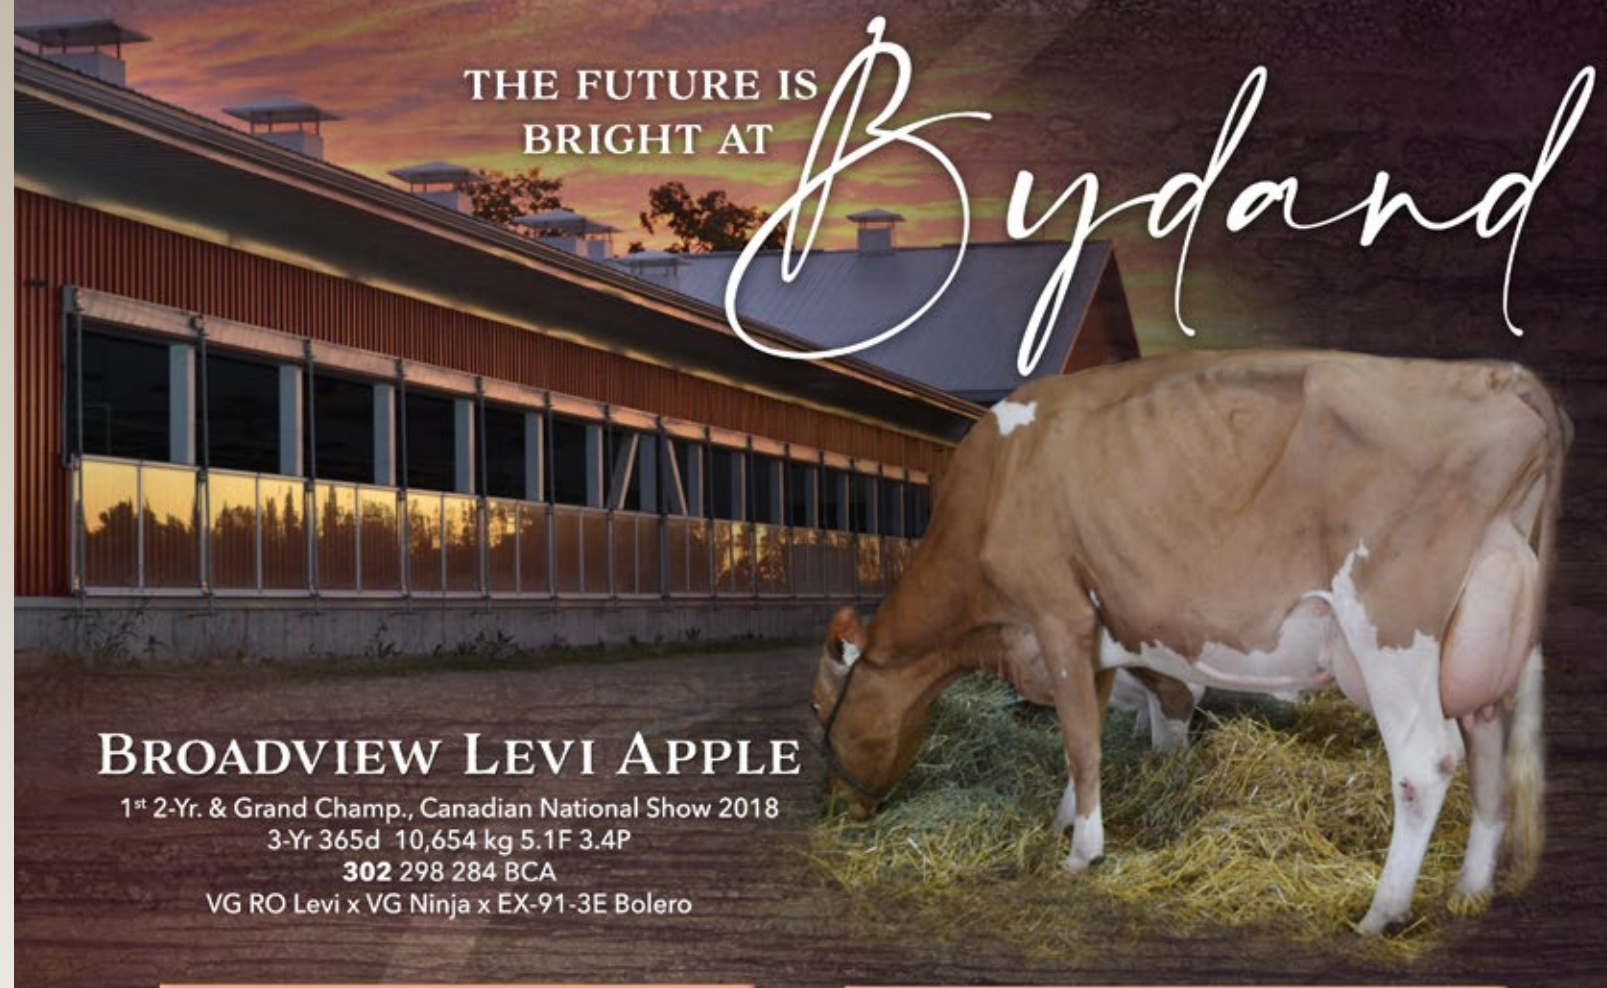

ridgeroadwinery
Flat On Your Baco Cheese!

\$29.95
tax included
One bottle of our Baco Noir + 200g Flat On Your Baco cheese

Flat On Your Baco is an Italian Alpine-style cheese from The Udder Way Artisan Cheese Company in Hamilton, ON. Made with Guernsey milk and aged in Baco Noir wine with grapes from Ridge Road. Creamy and flavourful with a delightful Baco aroma. The edges of this cheese are a deep purple which reflects the colour of our wine. Delicious wine meets excellent cheese making, you won't want to miss this collaboration!

LACTANET GENETIC EVALUATION HIGHLIGHTS

APRIL 2021

“Double Dawson” Comes Out From His Sire’s Shadow to Regain #1 LPI in Guernseys

After two years of following his sire, Dairyman Double Dawson (tied #2 Fat, tied #10 Protein) manages to regain the breed-leading #1 LPI position and comes out of the shadow of his sire, Pine Ridge Double L (tied #2 Fat), who now takes #2 LPI spot. The next two sires also exchange rankings as Idle Gold E Challenge maintains the exact same LPI value but grabs #3 position and is now followed by Jens Gold C Blue Spruce at #4 LPI (#10 Fat, #7 Protein). The Top 5 LPI list is rounded off by Edgewater Meadows Yogibear-ET as he climbs from #7 to #5 LPI spot this round (tied #3 Conformation). Two Guernsey sires receive their first official domestic LPI this round, namely Flambeau Manor Ladys Man (Levi x Royal Oak) at #16 LPI and Marodore T Les Lightning (Les x Alstar) at #31 LPI.

Among Guernsey cows, the battle for breed supremacy continues as Eby Manor D L Indy fights back to regain her #1 LPI spot (#2 Fat) and forces Lindrian Pamper Bear ET 200 to settle with the #2 LPI position once again (tied #10 Conformation). Some reshuffling also takes place among the next three LPI positions, now occupied by Eby Manor Jaguar Faith at #3 LPI, Guernsey View Jaguar Erin at #4 LPI and Lindrian Pollie Levi at #5 LPI, up from #9 position in December. The highest newly indexed cow this round is Lewis-LS Ladys Man Patty (dam is Comfort Farms Prius by BlueSpruce) with her arrival at #71 LPI.

Thank You to all who contribute to the success of Eby Manor.

Our retail workers:
Raja (Delivery driver)
Grace (Assistant manager & marketing)
Reuben (Executive assistant)

Our family: Jim, Ruth, Joel, Deborah, Sheri, Ben, Judah, Joshua

Our farm team (left to right): Aden, Jacklyn, Michael

The steady growth that we continue to experience is confirmation of the outstanding quality of Golden Guernsey Milk.

*See the difference
Taste the difference
Enjoy the benefits!*

We were pleased to be the recipient of the Gold Star Breeder award at our 2021 AGM.
