Guernsey NEWS

AUGUST 2022

President's Ramble

Hello Guernsey Breeders,

Life is full of challenges, and no one knows this better than the farming community. Things have mostly returned to normal following two years of Covid19, and now we are coping with the challenges of sky-high input costs, inflation and the threat of having to limit fertilizer usage.

However, we do have much to be thankful for. Farming is the most basic and important industry in the world.

Farmers will always have customers. There continues to be a renewed enthusiasm and interest in the Guernsey breed. Guernsey cattle imports from the US continue and our National herd numbers are increasing.

The demand for Guernsey products continues to grow as more people discover the difference.

I am thankful for the smooth transition to Holstein with our new breed administrator and the great people who are working for us at Holstein Canada. We are blessed that the Guernsey Association is on a solid financial footing.

I am grateful for the capable individuals who serve on our boards of directors and for the knowledge and input they offer.

We cannot forget to acknowledge Russell Gammon our Fieldsman and his infectious enthusiasm, helping to move things forward. Scott Gordon and the Breed Improvement Committee have been working on developing an incentive program to get more Guernsey cattle genomically tested for genomic reliability.

We are hoping to see many of you at the National Show at Ancaster in September either as an exhibitor or at ringside.

Best Regards to All,

- *Jim Eby*

National President

"We just wanted to give a big thank you to all of our customers and business partners. We appreciate your support, helping us to grow. We've got some big projects in the work!" - Team Eby

Field Representative Report

BACK TO BASICS

One of the key goals set by the National Board of CGA is an expansion of the number of Guernseys registered in Canada every year.

There are some routes to upping numbers and sustaining growth.

One obvious means is use of sexed semen on cows that Guernsey owners want to be dams of multiple herd-building daughters.

Demand has remained strong for Guernseys. As the profile of the breed is lifted more dairy herd owners are thinking: "I need to learn more about this breed and access some and try them out in my management system. Potential for growth in numbers of Guernsey owners is huge and all circles back to an increasingly popular hashtag: #MAKEMOREGUERNSEYS.

Use of sexed semen, embryo transfers and IVF with embryos implanted in animals of other breeds are routes to breed growth.

One other pathway we have been focusing energy on is working with buyers and importers of American Guernseys to ensure their new cattle are registered in the CGA herd book. Sometimes this takes a lot of work and effort and sometimes the process is quick and direct. In either case the effort expended is well worth it when it leads to a larger population that we know a great deal about. We are SO ready to help in this matter. It may take some time to complete the process but that time and energy is well invested.

Bottom line is: We're here to help and to serve! Let's explore every possible route to growing the breed in Canada so we can fill that consistent demand with high quality, profitable cattle! Let's have a handle on every good Guernsey in this country and prove that a great Guernsey revival is in full force!

In this newsletter you'll find details on our first National Guernsey Show in three years taking place at Ancaster Fair on the evening of September 22nd. We're super excited to show the world how impressive Canadian Guernseys are and delighted that Brent Howe will be officiating!

Please accept our invitation to send us photos and stories for social media posts. We are always looking for new photos and valuable information about the adaptability of Guernsey cattle and the value and desirability of Guernsey milk and milk products.

There are so many ways to promote Guernsey cattle and milk and expand the knowledge base of dairy producers about the breed!

This will all lead to #gottagettaGuernsey and #Guernseyrising moments!

Let us know how we can help you and the breed grow!

- *Russell Gammon*

National Field Representative for CGA

The National Guernsey Show IS BACK!

After a hiatus of three years due to reasons everyone knows oh so well, there will be a National Guernsey Show at Ancaster Fair, near Ancaster, Ontario this year! We're back for the first time since 2019!

This show affords a wonderful opportunity to promote the excellence of modern Guernseys!

Ancaster Fair is a bustling place drawing excellent crowds. There are abundant opportunities to interact with the general public about the benefits of Guernsey milk and products made from that golden product!

With regard to definite and potential exhibitors and folks who would like to watch the action at the show here's what you need to know!

TIME & DATE:

The National Guernsey Show will commence at 4:00 pm on Thursday, September, 22nd.

ENTRY DEADLINE:

The complete prize book for the fair is online at www.ancasterfair.ca.

Entries are made via www.assistexpo.ca/ancasterfair.

The very firm deadline for entries is **SEPTEMBER 16TH**. Late entries are not accepted. Special

notations are that you will need to provide proof of liability insurance and that show harnesses are required.

Entries are open to Guernsey owners anywhere in the country. The prize book is very thorough and descriptive.

JUDGE:

We're thrilled that experienced dairy cattle breeder and exhibitor and genetics marketer Brent Howe of Aylmer, Ontario readily agreed to judge at the National Show! Brent is a highly professional and focused man with a wealth of experience evaluating dairy cattle.

SPECIAL FEATURES:

In addition to five heifer classes and five milking age female classes including a dry cow class there are options for pee wee showmanship and junior showmanship and a herdsmanship award. Those planning on taking part in junior showmanship must enter via Assist Expo by September 16th also.

Want to know more? Let us know!

We're looking forward to a wonderful crowd of exhibitors and spectators at Ancaster on September 22nd!

It'll be so great to be there!

CONGRATUALIONS ON GETTING YOUR ORGANIC CERTIFICATION

"It's official! We received our Organic Certification this morning from EcoCert Canada! After 36 months of mountains of paperwork, we are officially Vancouver Island's FIRST and only certified organic dairy farm processing plant! Woohoo! Thank you, community, for your support and encouragement along the way! We did it! "

Registrar's Message

Hello from the Canadian Guernsey Registrar's office;

I hope your summer is going well. After the last two years it has been nice to be out and about this summer.

In regards to Registrar work this year; January to July, we are just shy of 170 head of cattle registered which includes imports. This is up compared to same period last year. Classification is at 122 animals, fewer cows than usual compared to last year at this same time. This could be because of where they are in the round.

I would like to remind you to test all donor dams as noted in by-laws Section 15 – Calves propagated by embryo transplant will be registered provided the sire and dam have been tested (genetic identification) prior to making application for registration. Not having the dams tested can result in delays in registrations and added progeny testing and costs if the donor dam is no longer available. It is recommended that a sample of the donor be taken at the time of recovery. Let us know if you have any questions on testing or if the donor dam has been tested.

For those of you who are using tattoos, the tattoo letter for 2022 is "K".

We have also been working on updates to the website, if you have a few minutes check it out - www.guernseycanada.ca. Any feedback and suggestions let us know.

Coloured Breed Highlights

AUGUST 2022

“Beau” Penetrates the Top 5 LPI List in the Guernsey Breed

Coulee Crest Novak Lambeau (known as “Beau”) receives his first official LPI this round and makes his debut in #4 LPI position while being tied at #2 for Conformation with +10. Ahead of him on the LPI list are three bulls that maintain their strong ranking, specifically Dairyman Double Dawson at #1 LPI (tied #2 Fat), Pine Ridge Double L at #2 LPI (tied #2 Fat with his son, Dawson) and Paokie Lil Ernie in #3 LPI position (tied #8 Fat, tied #6 Conformation). Following Beau as the newly proven sire this round at #4 LPI are two bulls tied in #5 LPI spot, namely Edgewater Meadows Yogibear (tied #6 Conformation) and Idle Gold E Challenge.

For Guernsey cows, Lindrian Pamper Bear ET 200 remains solid at #1 LPI (tied #9 Conformation) but its Eby Manor D L Indy that climbs back up the LPI list this round to take #2 position (#3 Fat). The next two cows are a dam-daughter duo that switch their order as Guernsey View Urma’s Expense keeps her #3 LPI spot (#4 Fat) and her daughter, Guernsey View Jaguar Erin, slips back to #4 LPI this round (tied #9 for both Fat and Protein). Experiencing an LPI gain this round, Lindrian Pollie Levi climbs the LPI list from her former #11 position to round out the Top 5 LPI list. The highest newly indexed cow this round is Jens Gold Bummer Kyrie at #16 LPI (dam is Jens Gold Phonze Kiersten).

Administrator's Message

We hope you enjoy the August 2022 Guernsey News!

We are happy to see things returning to normal and shows moving forward once again with great attendance rates across the provinces. What a difference from last year at this time for the organization. We are busily preparing for the national show, contacting our show sponsors, and are looking forward to seeing everyone and their animals in Ancaster in a few short weeks.

As an update on the office, as the new administrator I am thoroughly enjoying getting to know the board and Guernsey members throughout the year. The best way to contact me if needed is through email at guernseyinfo@holstein.ca. I am just a quick email away if you have any Guernsey related issues.

If you have items you feel would be helpful for members & should be included on the website or in our next publications please let us know.

 Say Cheese!

We welcome farm articles and photos to be forwarded for our winter issue of the newsletter. I look forward to continuing to work with you all and wish you all the best during the fall harvest season!

- 

Administrator

1ST YEAR 4-H MEMBERS

Please reach out to Nicky Barnard or Russell Gammon at guernseyinfo@holstein.ca if you will be attending the Ancaster fair in September. The Canadian Guernsey Association continues to provide Leather Halters to first year 4-H members to support their passion for Guernsey's! Let us know if you are coming to the show so we can get a photo op with you and your new halter!

Please 4-H members continue to forward your candid Guernsey pictures to the office! We love to show off all your hard work!

Guernsey News 2022

NEWSLETTER & JOURNAL SCHEDULE

December 2022	(Send us your Articles and Photos to be featured in this fall/winter edition due by October 14)
May 2023	Journal (submissions due by April 1)
August 2023	Newsletter (submissions due by July 15)
December 2023	Newsletter (submissions due by November 15)

We are always looking for advertisement submissions for our highlight of the year...the Guernsey Journal!

If you could please provide any advertisements in the below format: Wording for art work specs i.e. design specs – CMYK at 300 ppi in PDF format. We encourage you to submit Camera ready / Completed ads to take advantage of the discount.

If you need help putting an advertisement together kindly reach out to me, Nicky Barnard, and we can look into this on a case by case basis for costs to do ad layout.
