Inola, Okla.

## *In memory of...*

Bill Wanamaker of Nauwigewauk passed away September 27, 2012 at the Saint John Regional Hospital. He was born in Nauwigewauk, son of the late Lawson and Lena (Campbell) Wanamaker.

Bill was a lifelong dairy farmer and he was an Artificial Insemination Technician for over 30 years. He was a lifetime member of the Progressive Conservative Party. He is survived by three brothers, Sterling Wanamaker (Doris) of Kentville, NS, John Wanamaker (Gladys) of Sussex, Frederick "Ted" Wanamaker of Nauwigewauk; several nieces and nephews. He was predeceased by one brother, Walter Wanamaker.

Resting at Reid's Funeral Home (506-832-5541), 1063 Main Street, Hampton, with visitation on Saturday from 6-9pm. The funeral will be held 1:00pm, Sunday, September 30, 2012 at Reid's Funeral Home. Interment in Holy Trinity Cemetery. In lieu of flowers memorials Canadian Cystic Fibrosis would be appreciated. Online memorials and condolences can be made at: [www.reidsfh.com](http://www.reidsfh.com)

Charitable donations may be made in William's memory to the following organization:

Cystic Fibrosis (Saint John)

Contact: Susan Jack, 380 Point Rd, Saint John, New Brunswick, E2M 7R9

## 2012 World Dairy Expo Guernsey Show Summary of Results

### **Grand Champion Female:**

Misty Meadows Adacka Pixie

Exhibited by Jaclyn Peterson, Wilson, Wis.

### **Reserve Grand Champion Female:**

Chupps Farm Mentor Mary-ET

Exhibited by Tyler, Paige & Justin Chupp, Inola, Okla.

### **Grand Champion Female of the Junior**

**Show:** Misty Meadows Adacka Pixie

Exhibited by Jaclyn Peterson, Wilson, Wis.

### **Reserve Grand Champion Female of the**

**Junior Show:** Wee Acres Spider Clara Bell

Exhibited by Lauren & Cara Woloochian, W. Greenwich, R.I.

**Premier Breeder:** Adams Creek Farm, Steve & Debbie Nuttleman, Bangor, Wis.

**Premier Exhibitor:** Chupps Farm, Dale & Stanley Chupp, Inola, Okla.

**Premier Sire:** Coulee Crest Luxury Spider-ET

Adult admission is \$15 with this coupon

# Fieldman Report

December 2012

The interest for the Guernsey breed remains high. As the demand for animals continues to flourish, the demand for both Guernsey milk from Eby Manor and cheese from Upper Canada Cheese and Countryside Poultry continues to grow. Since the reintroduction of Guernsey milk into the marketplace in the early summer, the demand for Guernsey milk from Eby Manor has doubled. I applaud the persistence and hard work of the Eby family and wish them continued success.

Once again, the National Guernsey Show does not fail to disappoint. The golden girls were proudly paraded for our judge Brian Carscadden at the Ancaster Fair on September 21. Look for judge Carscadden's report in this newsletter. This year's show was one of firsts. This was the first time that Lisa Culp has exhibited at this show with her intermediate yearling. We hope to see her in the years to come! This was the first time in a long time that Rob Beynon entered the ring and his attendance was rewarded with Broadview Tonka being named Reserve Grand Champion. His fame does not stop there as he was also featured in an article in the Ontario Farmer magazine. Congratulations to all exhibitors and thank you to all the class sponsors and volunteers that make our show possible.

On my travels, I always keep an eye out for young sire calves and freshened heifers. I was excited to see a few young Ninja daughters on the ground. Ninja is a Natural son from the full sister of Tiller Nirvana. I have also noticed a number of Flambeau Manor S Legion daughters that have freshened. These animals exhibit high and wide rear udders with acceptable fore udders and good quality feet and legs. However, I would like to see them show more depth of rib and width of chest but I envision that the Legion daughters will develop to provide breeders with a good quality long lasting cow.

I would like to thank the 4-H youth that have completed their club using a Guernsey calf. It had been decided earlier this year that the Association would reward first year members with a show halter. In all, there were 6 halters presented to novice 4-H members. At this year's TD Canadian Classic held at the Royal Winter Fair in Toronto, there were 3 young ladies that made our breed proud. Courtney Stringer, Marty Dykstra and Jocelyn Forster represented our breed well with Courtney's calf Broadview Zipper 3 placing 4th in the Guernsey/Ayrshire/Brown Swiss class.

On a sad note, I would like to extend my condolences to the Wanamaker family for the passing of Bill Wanamaker at the end of September. Bill and Ted share a honorary life membership awarded by the Association for their dedication to the breed. I remember on more than one occasion when I visited that Bill shared his knowledge of Guernseys from years gone by but he was up on today's genetics as well. He was extremely proud of the herd that he had helped to develop with his brother Ted and was always glad to give a full tour of the farm not just the 10 cent tour. Their nephew Blair with wife Nicole and family have carried on the tradition at Cedar Rock of raising Guernsey cattle and hopefully for many years to come.

As the year comes to an end, I wish everyone a Merry Christmas and a Happy New Year and promote your Golden Girls who continue to treat you well.

## Semex Guernsey News

Russell Gammon,  
Semex Sire Analyst

The big news after a quiet proof round is that Dairyman Double Dawson has arrived at our facilities and has entered his quarantine period of isolation. This Double L son was offered in the US Guernsey National Convention Sale in Oregon in late June. Semex won a bidding war to work with the Dawson Syndicate in sampling this bull. Hopefully he'll be available by the spring!

## Reflections from the show

Canadian National Guernsey Show 2012

Judge: Brian Carscadden, Guelph

Ancaster Fair proved to be a great setting for this year's edition of the National Guernsey Show. Although the numbers were not immense, the quality was consistent throughout the show. I was impressed how the majority of the cattle were presented to me and was equally impressed by the enthusiasm of many of the young exhibitors. The Junior Champion of the show was a very impressive individual with a great foot and leg and a deep open rib. She was a November calf and was as big or bigger than most of the September calves in the same class. It is a pity that she was not entered for World Dairy Expo as I feel that she would have been very competitive amongst even greater competition. The Grand Champion cow was a very impressive framed 3 year old that stood apart from the rest of the show. Not only did she exhibit tremendous dairy strength, she combined that with style and one of the best udders at the show. Overall I enjoyed judging the National Guernsey Show and encourage the exhibitors to continue to improve the numbers in the coming years to keep making it an even better show!

*Brian Carscadden,*

Amendments are due to the office by January 28, 2013

shown that an upward shift of the entire curve in first lactation is optimal. The availability of bull proofs for Body Condition Score allows for selection to raise the average BCS at first calving and when they are in peak production. This selection goal is expected to improve fertility, reduce the incidence of disease and lead to a longer productive life.

Since BCS is considered as one of the functional traits published in Canada, genetic evaluations for this trait are expressed as Relative Breeding Values (RBV) and they will be displayed in that manner on the CDN web site. The scale of expression generally varies from 85 for bulls with daughters that generally have very “Low” scores for body condition to 115 or higher for bulls with daughters that have “High” scores. An average bull in any breed will have a rating of 100. In general, since the breeding goal is to increase the average BCS in first lactation, bulls rated over 100 are more desired. Figure 2 shows the relationship between a sire’s BCS proof and the average BCS of their daughters.

Given the proof expression as Relative Breeding Values, it is useful to understand how a sire’s evaluation translates into expected average daughter appraisals for Body Condition Score, which is provided in Table 1. For a bull with an average proof of 100, daughters are expected to average a score of 2.81 for body condition across the entire lactation. At specific points in the lactation curve, this translates to scores of 3.13, 2.71 and 3.10 at 5, 85 and 280 days in milk (DIM), respectively. As the sire’s proof increases towards 115, the average BCS across the

### **“Millenium” Sparks Interest in the Brown Swiss Breed**

Sunset Triangle Acres PO Payoff ET (Prelude x Collection) and Blessing Prophet Ransom (Profit x Ensign) achieve the unlikely outcome of sharing #1 LPI this round at 1624 points. Also exciting is the arrival of Olson Millenium (Zeus x Brinks) as the highest young sire graduate taking #3 LPI. Although Triangle Acres Poet ET (from the same family at Payoff) stays firm at #4 LPI, the former breed leader, Sun-Made Vigor-ET, loses 480 points to land at #5 LPI. Another bull, Top Acres C Wonderment ET (first proven last round) has the opposite experience making major gains for both production and type for a huge increase of 902 points, catapulting from #43 to #8 LPI this round. Others in the Top 10 LPI list include Wagor (#6), Pronto (#7), Special (#9) and Even at #10 LPI. For cows, Gubelman Pronto Dorissa takes over the helm from her stable mate to grab #1 LPI (#1 Protein), leaving Anfield FB Jane's Emma ET firm in the #2 LPI spot followed by Gubelman Wurl Precious at #3 LPI. As with her sire, Wonderment, Swiss Dream Wonder Ursula realizes a spectacular LPI gain 523 points and jumps from #56 to #4 LPI (tied #1 Conformation), only 30 points ahead of her dam, Swiss Dream Zeus US Unella who is tied at #5 LPI with Gubelman Payoff Courtney (up from #21 LPI). The two highest newly indexed cows this round are Gubelman Dasher Deva (#16 LPI) and Gubelman Juhus Crystal (#17 LPI).

### **“Bianca” Daughter-Dam Pair Move Up the Ranks in the Guernsey Breed**

The list of Top 5 LPI sires remains identical to last round including Lewis, Double L, Jordan, Bingo and Warden in that order. Even among the Top 10 LPI list, only Idle Gold E Challenge enters the group thanks to a gain of 223 LPI points to land at #7 from #14. Penny Lane Royal Oak Turley receives his first official domestic LPI after first being proven in the US and debuts at #36 LPI with below average Conformation. For cows, Glen Haven Lewis Lana stays solid at #1 LPI and holds off the challenging Maplehurst Aarons Bianca who jumps from #7 to #2 LPI, just ahead of her dam Maplehurst Warden Bianca (#3 LPI from #6). Joining other breed leaders, namely Guernsey View Tina's Winnie (#4 LPI), Eby Manor Lewis Secelia (#5) and Guernsey View Kit's Ruby (#6), is Lindrian Aaron Penny Two at #7 LPI from #32 last round. Eby Manor Aaron Indigo is the highest newly indexed cow this round with her debut at #32 LPI.

### **No Major Shuffling in the Canadienne Breed**

The December 2012 genetic evaluation release leaves the waters calm for top bulls and cows in the Canadienne breed. The Top 5 LPI only see Telethon slip a notch from #4 to #5 LPI, behind the breed leaders Expo (#1), Nectar (#2), Simon (#3) and Mister (#4). The list of Top LPI cows is also quiet with only some minor switching and now includes Monbriant Expo Fleurette (#1), Acton Energika Rosie 3R ET (#2), Acton Expo Sara (#3), Amandes Expo Justice (#4) and Acton Epi Nita at #5 LPI. The highest newly indexed cow this round is Acton Telethon Wilsie ET at #31 LPI, who is one of three daughters of Rosie 3R (#2 LPI) among the Top 40 LPI list.

### **Milking Shorthorn Breed Welcomes Two New High Fliers!**

While B Jurist stays solid at #1 LPI and GMC Rebel Logic ET loses for both production and type but stays at #2 LPI, two young sire graduates arrive on the scene this round with outstanding results. Oceanbrae Logic's Plato (Logic x Oceanbrae Pepper 2<sup>nd</sup> by Prince Edward) receives an official type proof that is good enough to capture #3 LPI. Clarefield Mocha (Glenbrook Ultimate x Venvale Sovereign, Australian pedigree) debuts at #4 LPI, #5 Milk, tied #6 Protein and #1 Conformation at +13. Following his first domestic proof last round, Vinra Frost Ted (Frost x Outlaw) moved up the list to #6 LPI from #8. For cows, Brook Chardonnay ET Exp takes a slip and falls back to #2 LPI, allowing Kulp-Gen Jurist Angel Exp-ET to regain the #1 LPI spot. Oceanbrae Jurist Thyme ET stays solid taking #3 LPI, ahead of Lady Grove Mocha Angeline ET at #4 LPI (Mocha x Kulp-Gen Jurist Angel Exp-ET). The Top 5 LPI list is completed with Oceanbrae Jurist Betty leaping from #16 to #5 LPI position. Lady Grove OLP K Betty 7 (daughter of Plato) becomes the highest newly indexed cow this round arriving at #17 LPI.
