

April 14, 2010 – Press Release

A news release from the American Guernsey Association stated that the official placings of the NGS- Madison, held in October 2009, have been amended to reflect the exclusion from the show of the Junior Champion and winning fall Calf - Eby Lawn EbyBrook Delta Mel. Mel was exhibited by Eby Lawn and EbyBrook Holsteins of Listowel, Ontario. Following the show, it was determined through DNA testing That she was not sired by Four Winds Royal Delta. All animals that competed directly with this calf have been moved up one place in their show placings including each Fall Calf.

A second DNA test requested by Canadian Guernsey Association officials confirmed that Eby Lawn EbyBrook Delta Mel was not sired By Four Winds Royal Delta, and further testing confirmed that she was sired by a Red & White Holstein.

Pursuant to the results parentage verification of Eby Lawn EbyBrook Delta Mel , the Canadian Livestock Records Corporation (CLRC) has suspended her registration status.
